Chicago, February 1st, 1879.

Dear Sir:

In presenting to you herewith our present Price Current, we would call your especial attention to the general revision we have made in our prices, and to meet the wants of our extended trade, we have added to our list many sizes not contained in our previous lists.

Our facilities being second to none, and our largely increased trade, we think is a guarantee of the quality and prices of our goods.

Estimates, Price Lists, Moulding Books, or any information in our line, furnished on application.

Inviting a personal inspection of our stock, and hoping to be favored with your orders, we are,

Yours truly,

PALMER, FULLER & CO.

Digitized by the Internet Archive

Columbia University Libraries

Please observe the following Directions in giving orders, as it will often avoid errors and unnecessary delays.

Orders for Sash should state the size of glass, number of lights in a window, thickness, if plain or check rail, glazed or unglazed. For segment or circle corner windows, always give the radius of the segment and circle corner. For circle head, segment head, and circle corner windows, *always state* whether they are wanted to finish circle inside and outside like Plan Nos. A and C, on page 6, or to finish circle on outside only, as Plan Nos. B and D on same page. Also where frames are made, the width and height of frame in the clear, should be given.

Orders for Doors should state size, thickness, number of panels, and if first or second quality; if moulded, say if one or both sides, sunk or raised moulding.

Orders for Outside Blinds should state size of glass, number of lights in window, thickness of Blinds; if for segment head windows, give radius of segment; also, if for wood or brick building.

Orders for Inside Blinds should state exact size of opening, the number of folds (width of box, if any), and if panel or slats, and where Blinds are to be hung.

Orders for Mouldings should give the number of Moulding, and the page; also, state whether taken from our own book or the Universal Moulding Book, as we furnish from either.

P. S.—We will deliver our goods and load in cars (with our own men), free of charge, to any lumber yard in the city, and would request our customers to order Doors, Sash, Blinds, etc., *direct of us*, which will insure their receiving our own manufacture and prompt attention. In giving such orders, we would suggest to our trade to always order our goods a little in advance of their Lumber, and notify their Lumbermen of the fact of our having goods to be loaded in their cars.

Observe directions on page 5 in giving your orders.

Always give the *radius* of the *segment*, otherwise the regular radius, which is the width of the window, will be made.

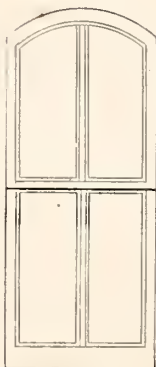

No. A.

For Window Frames, Circle inside and outside.

No. B.

For Window Frames, Circle outside, Square inside.

No. C.

For Window Frames, Segment inside and outside.

No. D.

For Window Frames, Segment outside, Square inside.

GLAZED WINDOWS.

We make a specialty of Glazing, and have always in stock a large assortment of twelve, eight and four lighted Windows, both check and plain rail. We use the best American Glass, *and always bed the glass in putty in our Check Sash.* We offer superior inducements to buyers by the car load or single window. Parties who desire it can have their windows glazed with French or English glass, of the best quality, at reasonable prices. Our glazed sash can be shipped by rail or hoat to a great distance without breakage, as we pack them securely.

1 $\frac{3}{8}$ thick, add to price of 1 3-16, per window, 25c Segment Head Blinds, add 35 to 40 cents. Half Circular Head Blinds, add 75c. to \$1.00.

Size of Blinds measure same as Cheek Rail Window, with the addition of one inch to the bottom Rail, for Sub sill Window Frames, which can be cut off if necessary.

INSIDE BLINDS.

O G Panel or Rolling Slats, four fold, measnrng height of window, ordinary width, per foot (subject to regular discount).....70 cents.
Thickness 1 $\frac{1}{8}$ inch, unless otherwise ordered.

The above prices are for Pine. If hard wood, such as Cherry, Ash, Maple or Black Walnut, we charge about double the price of Pine. We make Inside Blinds that are not excelled, either in workmanship or style, in this market.

Orders for Inside Blinds should state exact size of opening, the number of folds (width of box, if any), and if panel or slats.

THE KELLY PATENT WINDOW BLIND.

Having secured the right to manufacture these Blinds of the patentee, we are prepared to furnish them on short notice. The protection of these Blinds when the slats are closed against wind, rain, dust or the rays of the sun over the ordinary Window Blind, has brought them into extensive use, and they have given universal satisfaction. They are equally adapted for both outside and inside. Small samples of these Blinds sent free, upon application.

STORE DOORS.

Heavy Raised Mouldings Outside. Not glazed.

All Store Doors are made without Shutters, unless otherwise ordered. We also make Store Doors and Store Sash, moulded both sides on the glass, either square, circle top, segment, or circle corners. to order. In ordering, always state whether glazed or unglazed, and whether single or double strength glass is wanted.

MOULDINGS.

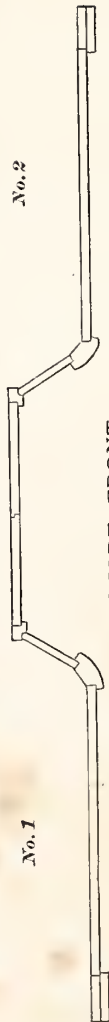

The eighth edition of *our own* Moulding Book for 1879, is now in press, and will soon be ready for distribution to our trade. This will be the most practical book of its kind ever issued, containing a large variety of new and improved designs and styles of Mouldings, finish, etc., and we will furnish same to our trade free of charge, upon application. We have always given this portion of our business our special personal attention, and keep in stock the largest and most complete assortment to be found in the country. Our facilities in this department are second to none, and our largely increased trade we think is a guarantee of the quality of our goods.

Orders intrusted to our care will have prompt attention, and at prices as low as the market affords.

Sawed Balusters for Balustrade 6 inches x 18 in., $\frac{7}{8}$ thick.

PALMER, FULLER & Co.,

WHOLESALE MANUFACTURERS OF

STAIRS,

Stair Railing, Balusters,

NEWEL POSTS,

MANTELS, BANK COUNTERS, PEW ENDS, ETC.,

OF EVERY DESCRIPTION,

BOTH PLAIN AND FANCY,

— OF —

HARD OR SOFT WOOD.

Cor. West 22d and Union Streets,

CHICAGO, ILL.

Entered according to Act of Congress, in the year 1874, by PALMER, FULLER & Co., in the Office
of the Librarian of Congress, at Washington. Re-entered, 1879.

CHICAGO, February 1st, 1879.

DEAR SIR :

In our frequent issues of these books our constant aim is to keep before the trade and those contemplating building, all the new and improved styles and designs in Stairs, Stair Railing, Balusters and Newel Posts, and we take pleasure in presenting you herewith our present Price Current, embracing as it does many of our new and leading styles and sizes, and would call your especial attention to the *Reduction in Prices* which we are enabled to make by our largely increased facilities for manufacturing.

We now keep in stock the largest variety of Stair material to be found in the country, and having the latest and most improved machinery, we are enabled to furnish anything in this line at the very *lowest prices*, and on short notice.

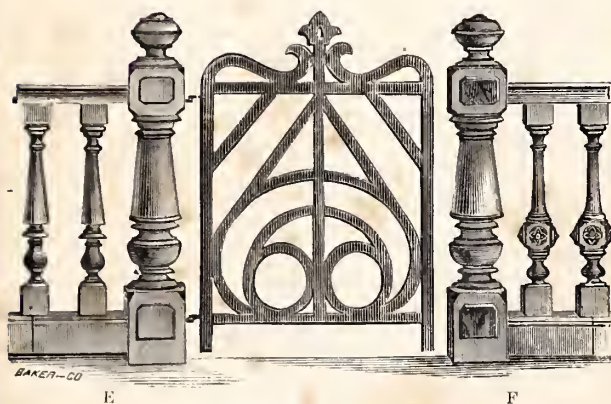

Having constantly on hand a large stock of *thoroughly seasoned* Black Walnut, Cherry, Mahogany, Ash, and other fancy woods, including a choice assortment of Veneers, we are prepared to furnish plain, fancy, or highly ornamented Stair Cases, all ready to put together, or if desired we put them together and finish complete ready to set up. We are also prepared to furnish Stair Railing, Balusters and Newel Posts, to suit every description of Stairs, with crooks, etc., moulded and fitted together with bolts, complete, ready to be put up, of Black Walnut, Cherry or Mahogany. Our Stairs and Stair Railing, when made ready to put together, are fitted, then marked and taken apart, so that any carpenter can set them up and finish in the building.

All our work is securely packed for shipping, and delivered on board cars or boats free of charge. Estimates, Price Lists, Moulding Books, or any information in our line, will be furnished free by return mail, enabling contractors and those contemplating building to ascertain cost at any time.

Inviting a personal examination of our stock, we remain,

Yours truly,

PALMER, FULLER & CO.

OFFICE RAILING.

The above cut represents a neat style of Office Railing, with a light, fancy, self-closing gate, made to swing both ways.

Scroll Sawing, Turning, etc.

Scroll Sawing and Turning, Fancy Brackets of every description made to order. For a few of our styles, see our Moulding Book for 1879, containing styles and prices of every variety of Mouldings, Brackets, Stair Railing, Scroll Work, etc. Hard Wood Mouldings made to order.

Veneers.

We keep constantly on hand a full stock of Fancy Veneers, consisting of Bird's-eye Maple, Mahogany, Rosewood, Hungarian Ash, French Walnut Stripe and Burl, Ash Burl, Tulip, Satin, White Holly, etc., etc.

Stairs, Stair Railing, etc.

Pine and Whitewood Balcony Balusters and Railing of every description made to order.

We have a large stock of Newel Posts, Balusters, Stair Railing, Stair Brackets, etc., always on hand, which we will take pleasure in showing to our customers.

Our patterns or styles of Railing, Balusters and Posts, a few of which may be found in this book, are the latest and most improved, such as we are furnishing in this city

and throughout the Northwest. The prices given for Railing are for Straight Rail. We estimate cost as follows :

For Balusters	\$.....
“ Posts
“ Crooks sawed out in rough
“ Rail Bolts
“ Time working Crooks and fitting Rail
No. feet of Straight Rail.....

Directions Necessary for Ordering Stairs and Stair Railing.

When a flight of Stairs is wanted, we should know the height of story from floor to floor, width of joist in second story, width and run of stairs, the size of cylinder, style of base used in the hall, with rough sketch showing about the shape of stairs wanted.

For Stair Railing, Straight Flight, we require the width of rise and step as sawed out on string board, the number of risers, the size of cylinder from face to face of string or face board, which way it turns at head of stairs, and the number of feet of straight rail required at landing. Unless we receive plan showing otherwise, we always suppose the top riser for a straight flight of stairs to be placed at the edge or spring of cylinder.

For Circular or Winding Stairs, we should have an exact plan of stairs as built, giving the width of rise and step, the location of risers in cylinder, etc., and when there are straight steps below or above the cylinder, as per plans Nos. 1 and 5, page 70, always give the distance from the first square riser to the edge or spring line of cylinder on the face of string or face board (see *a, b, c*, plans 1 and 5). *Always write your address in full on the plans.*

Church Seats, Pew Ends, etc.

Owing to the largely increased demand for Church finish, we are now giving this department our special attention, and are better prepared than ever before to furnish promptly, made of *thoroughly seasoned material*, Pew Ends and Church Seats of every description, ready to put together, with Cherry, Black Walnut, or Mahogany Back Roll and Partition Cap complete; also Pulpits (see pages 76 and 77). On pages 78 and 79 will be found a few styles of Pew Ends; other designs can also be seen in our Moulding Book.

Mantels, Bank Counters, etc.

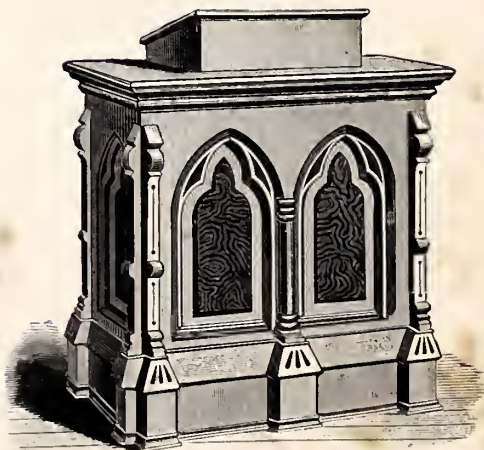

On pages 80 and 81 of this book will be found a few designs of Wood Mantels, which we are now prepared to furnish of pine or any of the hard woods, veneered or plain, of any design or style. Also, Bank or Office Counters (see pages 82 and 83), and all kinds of hard wood finish, Doors single or double thick, veneered or plain, made and finished in the best possible manner.

Hard Wood Flooring.

We keep in stock and are prepared to furnish promptly, *seasoned* Ash, Black Walnut, or Maple Flooring and Ceiling, any widths desired. Brackets of any size or style made to order. Scroll Sawing, Ornamental Carving, etc. For styles and designs send for our Moulding Book, which we furnish free of charge.
